Reference: Support for WWF Scotland

18 November 2011

To all of the players of the People's Postcode Lottery

I would like to thank you for the wonderful donation of £86,218 raised from the recent People's Postcode Lottery draw. WWF Scotland was delighted to be selected to receive this donation, which has provided invaluable funds to assist us in our work protecting the natural world.

Climate change, threats to natural resources and rising energy use are just some of the issues that are of growing global concern, impacting on people and wildlife right round the world. WWF Scotland works on these issues from a Scottish perspective by influencing policy, providing solutions and gaining public support and involvement.

Scotland's seas host a variety of amazing species, including whales, dolphins, seals and sharks, as well as 330 different kinds of fish – so it's vital that we protect them. More Fish is WWF's Europe-wide campaign for real and effective reform the Common Fisheries Policy (CFP) – legislation which controls fishing in European waters, but which has led to overfishing and large scale discards of edible fish. Fisheries makes up a substantial part of the Scottish coastal economy, so it is in Scotland's interests to ensure that the reform of the CFP improves the health of Scottish seas and gives a long-term future to the Scottish fishing industry.

WWF Scotland is leading the way in making our fisheries sustainable. Since WWF launched the campaign in Scotland, thousands of people have signed our petition at events all over Scotland. These signatures have been sent to the European Commission to show politicians and decision makers that Scottish people care deeply about protecting our wonderful marine world.

We are extremely grateful to be an ongoing beneficiary of the People's Postcode Lottery. Money raised by players will allow us to continue to fund our vital work in protecting the natural world now and for future generations. Thank you to everyone who plays and to everyone at the Postcode Lottery for providing this amazing support, it really makes a huge difference to the work we can carry out.

With best wishes

Dr Richard Dixon  
Director, WWF Scotland
