

# One Planet Future

A pair of Urban Foxes watch helplessly as their allotment home becomes a dumping ground for G.R.O.T.s (household waste). Fortunately, a discarded laptop 'searches' for help, and the 'Wasteland Warriors' come to the rescue, restoring the allotments and G.R.O.T.s to their former usefulness..

As part of the International WWF network, WWF-UK addresses threats to people and nature such as climate change, pollution, and the unsustainable consumption of the world's natural resources.

WWF's education programme was established in the early 1980's, encouraging schools to put sustainability at the heart of school life. 'WWF's new One Planet Schools®' programme provides schools with a range of engaging and inspiring activities which show how all schools can play a part in striving to live within the ecological limits of one planet.

## About Debbie Campbell

Debbie Campbell has written over 20 fantastic cross-curricular musicals. These include a series of 5 conservation titles written in association with WWF. They are fun, engaging, but at the same time convey very important messages about the welfare of our planet. They have been performed in schools, theatres, on radio and TV in the UK and worldwide.
